Accreditation Essentials

Education Modules

Meeting the Standards - learn about the importance of the National Safety and Quality Health Service Standards and quality clinical end-of-life care.

Clinical Change Management

- clinical change begins with having a good understanding of your hospital, and the level of quality end-of-life care.

Accreditation Collaborative

The purpose of the EOLE Accreditation Collaborative is to support a community of practice in excellence in end-of-life care and partner with hospitals to share, develop and learn more about the delivery of end-of-life care in meeting the NSQHS Standards.

Toolkits

Includes action checklists
and resources with links to
videos and further reading
to help maintain learner
knowledge about end-of-life
care and facilitating
discussions at work.

Resources

Includes fact sheets,
hospital case stories on
approaches to meeting the
NSQHS Standards,
workshop presentations and
videos.
